IMPORTANT INFORMATION FOR PARENTS/CARERS

Good afternoon

As you may have been made aware there is a lot of inappropriate social media sites circulating at the moment. These are very damaging to the mental well being of the students. There are also clips popping up on You Tube, the most current one known as "Momo" which is encouraging people to commit suicide. This is specifically targeting young people. We have also been made aware of people directly contacting children via whats app and making highly inappropriate requests of them.

Can we remind all parents to regularly check their child's phone to ensure that they are keeping themselves safe. We are also addressing this in assembly and during our Ethos week next week.

Many Thanks for your continued support

Mrs C Walmsley

Assistant Headteacher Safeguarding & Welfare
