Dear Parent or Carer

Following the announcement by the government today we are putting together a plan specifically designed to support the key workers who are needed to help fight the Covid19 pandemic. To enable us to do this, we need to know if you (and any other parent or carer) falls into one of the following categories (please tick as appropriate).

We also need to know if you will not need to send your child to school even if you (and any other parents or carers) fall into this category, due to other childcare measures. If you have ticked any of the jobs listed above (other than "None of the above") then please let us know whether you will need to send your child into school.

Please be aware that we cannot yet define what the school day will look like yet but as soon as we have this information from you, it will help us plan appropriately and we will then inform you of the plan only if your child meets the criteria to be invited into school. **Please do not send your child into school on Monday 23rd March 2020 UNLESS you have been informed to. YOU MUST RESPOND BY TOMORROW**

For those parents who do not have ParentMail, you **must** return the paper copy to us by tomorrow which will be followed by a phone call from ourselves confirming attendance on Monday. If it is not possible for you to return a copy within this time frame (e.g. due to self isolation) then please phone **01282 681950** between 9.30am and 2pm from Monday 23rd March where we will be able to verbally agree a return date.

To reiterate, unless you receive confirmation from ourselves that your child can attend the school during this period of time of partial closure then they will not be allowed on site and social distancing protocol should be adhered to.

Regards

Phillip Walmsley
Head Teacher
Burnley High School
